

Fireside Chat with André Hoffmann,

Vice-Chair of the Board of Directors of Roche,
Co-Chair of the Board of Trustees of the
World Economic Forum

Monday, May 11, 2026, 17:30-20:30

Join us for a fireside chat with André Hoffmann, Vice-Chair of Roche; Co-Chair of the Board of Trustees of the World Economic Forum, and board member at several other businesses and organizations that promote systems change.

As a Swiss business leader and environmentalist, he believes in business as a force for good, and advocates for a form of capitalism aimed at generating sustainable and inclusive prosperity.

In a conversation with Rahul Sahgal, our CEO, André Hoffmann will explore how companies can move beyond short-term profit to create long-term value with a focus on environmental, human and social capital. Drawing on his book “The New Nature of Business”, André will share why today’s economic model must evolve, why the current modus operandi is no longer working for society or the planet, and how companies can adapt to succeed in the future.
